- B. determine continuity of a function;
- C. calculate and interpret the derivative in the context of its definition;
- D. illustrate the Mean Value Theorem;
- E. comprehend the relationship between the first and second derivative and the graphical implications of a function;

Essential Calculus: Early Transcendentals by Stewart, 2nd Edition, 2012.

The e-book and/or access code required for the course is provided through the University's Inclusive Access Textbook Program (You should have received an email from the University Store). Note that:

- A. These are course materials that are offered at the lowest market rate
- B. They will be accessed via Canvas
- C. Your student account will be charged for the cost of these materials, unless you opt out
- D. Opting out will cut off your access to the required materials for this course
- E. FAQ page: solve.redshelf.com and help desk help@redshelf.com

Calculator Limitations Use of calculators such as the TI-89 and TI-92, which compute symbolic derivatives and integrals will not be allowed on the exams.

VIII. EVALUATION AND GRADING PROCEDURES:

A. Your course grade will be based on Exams, Homework, Online Assignments, and the Final Exam. Sixty percent of the course grade will come from 4 major exams (each exam counts 15 percent of the grade) and twenty percent of the course grade will come from the final exam. The homework (written) and online assignments will each contribute 10 percent of the course grade.

Grading Scale:	
90 - 100 %	A
80 - 89 %	B
70 - 79 %	C
60 - 69 %	D
Below 60%	E

Exams: The Exams will test your comprehension of concepts and skills not covered on a previous exam. Exams may contain both problem-solving questions and essay questions. Exams occur for everyone (to be fair to everyone) on the scheduled date. Sometimes, however, extenuating circumstances do exist. If you absolutely must miss an exam, you are to call me (or leave a message with the office if I am not in when you call) before the exam to tell me why you cannot be at the exam. In addition, you must complete the "missed exam form" (see the course website) within one day. If you do not, you will get a zero on that exam with no opportunity to make it up. An excused missed exam will be made up within two days (an extension may be granted in rare cases), with the grade to be determined as explained at that time. Our four semester exams will be **September 2, September 25, October 14, and October 29.**

Final: The Final will be a comprehensive exam covering any material addressed that semester. The Final exam will be on **Wednesday, November 18th at 8:00 a.m. in FH 302.**

Homework: Homework will be assigned at the beginning of each section and will also be listed on the course web site. Homework will be collected once a week (Mondays!). (**No Late Homework**). Homework must be completed in pencil, scanned and uploaded onto **Canvas** as a single document.

Online Assignments: These are located on **webassign** and may be accessed via your Canvas Course Link. You will have two (2) attempts on each set of problems. The assignments will be available at the beginning of each section covered and will automatically switch off on the due dates. It

Important Grade-dates: The last day to drop a course without receiving a grade (or a W) is Friday, August 21. The last day to drop individual courses and receive a grade of "W" (no penalty) is Saturday, November 7. The last day to change a full semester class from AUDIT to CREDIT is August 21. The last day to change a full semester class from CREDIT to AUDIT is Saturday, November 7, if you qualify for an Audit. (See the Audit policy below.)

B. **Auditing:** If you seek to change your status to audit, you must continue to do all the graded assignments, to attend classes regularly after the audit is given, to miss no more than 5 class periods after the audit is given, and to maintain a grade of at least 70% of the grade they had upon taking the Audit. If these requirements are not followed, then an "E" will be earned for this course.

IX. ATTENDANCE POLICY:

Students are expected to adhere to the MSU Attendance Policy outlined in the current *MSU Bulletin*.

Class attendance will be taken daily. If you miss class you are responsible for obtaining the day's notes and assignments. While you are not graded on class attendance, you are expected to attend every class period or your grade will suffer (indirectly) if you do not attend. If you miss three or fewer days (or do not miss at all) this semester, I will drop your four lowest online assignment scores and four written homework scores.

Note the following provisions on arriving late to class or leaving early:

Every two tardies (arriving late) will count as an absence.

Leaving class early will count as an absence unless you provide me with a reason in advance.

X. ACADEMIC HONESTY POLICY:

Murray State University takes seriously its moral and educational obligation to maintain high standards of academic honesty and ethical behavior. Instructors are expected to evaluate students' academic achievements accurately, as well as ascertain that work submitted by students is authentic and the result of their own efforts, and consistent with established academic standards. Students are obligated to respect and abide by the basic standards of personal and professional integrity.

Violations of Academic Honesty include:

Cheating - Intentionally using or attempting to use unauthorized information such as books, notes, study aids, or other electronic, online, or digital devices in any academic exercise; as well as unauthorized communication of information by any means to or from others during any academic exercise.

Fabrication and Falsification - Intentional alteration or invention of any information or citation in an academic exercise. Falsification involves changing information whereas fabrication involves inventing or counterfeiting information.

Multiple Submission - The submission of substantial portions of the same academic work, including oral reports, for credit more than once without authorization from the instructor.

Plagiarism - Intentionally or knowingly representing the words, ideas, creative work, or data of someone else as one's own in any academic exercise, without due and proper acknowledgement.

Instructors should outline their expectations that may go beyond the scope of this policy at the beginning of each course and identify such expectations and restrictions in the course syllabus. When an instructor receives evidence, either directly or indirectly, of academic dishonesty, he or she should investigate the instance. The faculty member should then take appropriate disciplinary action.

Disciplinary action may include, but is not limited to the following:

- 1) Requiring the student(s) to repeat the exercise or do additional related exercise(s).
- 2) Lowering the grade or failing the student(s) on the particular exercise(s) involved.
- 3) Lowering the grade or failing the student(s) in the course.

If the disciplinary action results in the awarding of a grade of E in the course, the student(s) may not drop the course.

Faculty reserve the right to invalidate any exercise or other evaluative measures if substantial evidence exists that the integrity of the exercise has been compromised. Faculty also reserve the right to document in the course syllabi further academic honesty policy elements related to the individual disciplines.

A student may appeal the decision of the faculty member with the department chair in writing within five working days. Note: If, at any point in this process, the student alleges that actions have taken place that may be in violation of the Murray State University Non-Discrimination Statement, this process must be suspended and the matter be directed to the Office of Institutional Diversity, Equity and Access. Any appeal will be forwarded to the appropriate university committee as determined by the Provost.

Note: Faculty reserve the right to invalidate any examination or other evaluative measures if substantial evidence exists that the integrity of the examination has been compromised.

In this Course, violations of Academic Honesty will result in a failing grade awarded on the particular exercise involved.
