

Tiffany Hopper (2007)

Biological Sciences

"My undergraduate research experience at Murray State provided me with a full understanding of the research process and provided a strong background for my current PhD work. Thanks to my experience designing and implementing my project, I feel prepared to adapt to any new situation which may arise during my future research."

Tiffany Hedrick Hopper (2007)

Doctoral Student, Dept. of Biological Sciences
Texas Tech University

Mentors: Drs. K. Renee Fister and Terry Derting

**Undergraduate Research
and Scholarly Activity**

MURRAY STATE UNIVERSITY
