

Murray State University

# Scholars Week

## Attention Students, Faculty and Staff

### Earth Day Panel Discussion

### “Ecological Consequences of Alternative Energy Sources”

Tuesday, April 22

12:30 — 1:20 p.m.

Barkley Room — Curris Center

Increasing oil prices have had cascading effects on humanity and the Earth. How do alternative energy sources compare to fossil fuels, and are real solutions on the horizon? Please come listen, learn, and ask questions about the ecological consequences of alternative energy.

#### Panel Members Include:

##### **Dr. David White**

Endowed Chair of Ecosystem Studies  
Professor, Department of Biological Sciences

##### **Dr. Claire Fuller**

Associate Professor of Biological Sciences

##### **Dr. Howard Whiteman**

Director, Center of Reservoir Research  
Professor, Department of Biological Sciences

##### **Mr. Andrew Wiggins**

##### **Ms. Emily Pollom**

President, Murray Environmental  
Student Society  
Undergraduate student in Wildlife and  
Conservation Biology

##### **Ms. Catherine Aubee**

Graduate Student in Biological Sciences

We invite you to join us in a discussion  
and welcome you to bring a lunch.

**Questions about *Scholars Week* should be directed to 809-3192.**

This event is sponsored by the Office of Undergraduate Research and Scholarly Activity, the Center for Reservoir Research, and the Murray Environmental Student Society.
